Binoculars...

Unitron's complete line of binoculars offer a model for every requirement — from occasional, recreational use to the demanding daily use of military and law enforcement requirements.

Our binoculars offer the finest design and construction, as well as, prism and lens systems that provide extraordinarily responsive optics.

- **Long Range, Large Objectives** - Large objectives are perfect for both terrestrial and astronomical viewing, providing a crisp and extraordinarily bright widefield.
- **High Eyepoint** - Crisp viewing designed for eyeglasses and sport glasses - full field of views with coated optics.
- **Full-sized All Weather Series** - afford optimal viewing and long life. Protective rubber armoring ensures durability. Zoom models allow magnifications from 8 power to 20 power.
- **Compact Binoculars & Monoculars** - Rubber armored, weather resistant roof prism units are pocket size so they go anywhere easily. The quality optics puts you where you want to be - clearly.
