Classic Brass...

Nothing comes close to the sophisticated appeal of our Classic Brass line - ideal for home, presentations, awards and incentives. Free standing and hand held telescopes and magnifiers - contemporary and antique designs available in hardwood cases that make an unforgettable statement - and without compromising our quality optical systems!

- **Free Standing Brass Telescope** — for a distinctive look. Technically advanced, fully coated precision ground optics with a simple twist focus. Solid brass telescope with mahogany base.
- **Antique Telescopes** — Elegantly crafted in every detail, these solid brass telescopes and tripods combine old world styling with today's technical advances. Powerful, precisely ground optics brings objects instantly closer with just a twist of the eyepiece.
- **Hand-held Brass Telescopes** — Works of art and technical excellence in solid brass have a sophisticated look.
- **Distinctive Hardwood Cases** — These reflect all the skill and pride of finely crafted custom pieces. These wood chests provide the ultimate appointment for gift giving and presentation.

Much more information is available on our website (www.unitronusa.com) or by contacting Unitron directly.
