## Educational Biological & Stereo Microscopes

**ED-U-SCOPE SERIES** - The Ed-U-Scope Student Microscopes are competitively priced, easy to use, student proof, quality microscopes.

Four models to choose from; two elementary level and one high school level compound biological microscope and one fixed 20x magnification stereo microscope.

### Unitron Ed-U-Scope C

*Full-field illumination.* Elementary student auto-illumination biological microscope features compact metal construction and simple operation. Ideal for starting biological study.

### Unitron Ed-U-Scope CF

*360° Rotatable monocular body.* Advanced student auto-illumination biological microscope. Built-in safety features such as locking eyepiece, retractable 40X objective and enclosed electrical system. For advanced biological and beginning medical studies.

### Unitron Ed-U-Scope CM

*Student Proof construction.* Student mirror type biological microscope — reasonably priced and easy to use. Based in the initial microscope design which can be used in a laboratory or out in the field.

### Unitron Ed-U-Scope

*Basic student stereo microscope.* Stereo Ed-u-Scopes are ideal for student viewing of gross material such as plants, insects, rocks, electronic components and metal parts.
